Who is Grimco?

Grimco is a national wholesale sign supply manufacturer and distributor with over 50 locations across North America. We focus on distributing quality products and providing excellent service to the sign industry. Our offering of sign supplies includes substrates, boards, digital print media, wrap films, sign vinyl, application tape, banner material and supplies, sign frames, banner stands, LEDs and electrical accessories, grand format solvent/UV/latex printers, inks, software and more.

We are an authorized equipment reseller for HP and Epson. Our branded digital print media product lines include 3M™, Avery Dennison®, ORAFOL®, Sihl, RTape, General Formulations, and Magic®. We also offer exclusive product lines including Briteline®, HanleyLED™, Duratex, 20/20 Color®, Rad Grafix, Ion PVC® and MAXMETAL™.

Grimco strives to provide fast and reliable service to our customers nationwide through further geographic growth. We will also continue to represent the highest quality and most technologically advanced products available and employ the industry's most knowledgeable employees. We look forward to serving our customers and their businesses into the future.

What are customers saying about Grimco?

“The ease of use with Grimco, I mean just being able to get on there and find what we need without really having to talk to someone on the phone, and hope they know what we’re talking about. Just the structure of Grimco, it’s easy to use. Having a favorites section to be able to just point and click, and my items are there.

What I like about Grimco is just knowing that it’s a company that has genuine people. Knowing that they truly care about our business and the growth of our business from corporate to the branch. We’re just comfortable knowing that they care. I’ve said that several times even to other vendors that call on us, that we just don’t get that feeling from other people like we do from Grimco. We feel like we’re family with Grimco.”

- Rick Cartwright
President, First Graphic Services

“One thing I don’t have time for is ordering material on the fly, but it’s an absolute requirement every day. I love that I can order something in an instant, right when I’m thinking about it. With Grimco I have the best of both worlds; a modern ordering system paired with the personal touch of an assigned sales rep and account manager.”

- Amanda Mages
Product Manager, Dr. Graphx
